## ESCAPED PATIENT MAY BE MURDERER

### FORMER INMATE OF STATE HOSPITAL IS HELD IN MICHIGAN

#### SAYS HE KILLED MONROE FAMILY

August Cogan Escaped from Local Institution Several Weeks Ago—Was the Third Time He Had Eluded Keepers—Was Sent to Hospital from Christian County in 1912

August Cogan, an escaped patient from Jacksonville State Hospital confessed to authorities at Kalamazoo, Mich., yesterday that he murdered William Monroe, his wife and 17 years old daughter in their home at Dowagiac, Mich., last Saturday night. Another daughter also was beaten and is still in a serious condition.

Cogan was sent to the local institution from Christian county July 31, 1912. He was then 35 years of age. He was suffering from dementia praecox and was, so officials of the hospital say, of a morose disposition.

In August, 1920 Cogan escaped from the institution and later was taken into custody and placed in Dunning hospital in Cook county. November 9, 1920 he was transferred back to the State Hospital. He made his escape the last time August 8, 1921 and the officials had been unable to get any trace of him until word was received by Dr. Hill yesterday from officers at Kalamazoo. Cogan had given the name of A. M. Lewis and also Gus Cogan and the Michigan officers wired to verify his story.

Cogan has two children according to hospital records. He also has a sister, Mrs. J. R. Jordan, who is county clerk at Gulfport, Miss.

**Was Acting Queerly.**  
KALAMAZOO, Mich., Sept. 23.—A man who gave the police the names of A. M. Lewis and Gus Cogan is being held here pending receipt of information from Jacksonville, Ill., where he declared he had escaped from the insane asylum. He was taken into custody at Vicksburg, where officers said he was "acting queerly." Upon arrival here the prisoner insisted on "confessing" and among the crimes for which he claimed responsibility was the Monroe murder at Dowagiac. Authorities discredited his statements.

**Looking for New Lead.**  
DOWAGIAC, Mich., Sept. 23.—Cass county authorities tonight were attempting to open up some new lead towards solution of the mystery surrounding the murder of William Monroe, his wife, Mary and their daughter, Neva, 17 years old, whose mutilated bodies were found in their home here Tuesday. The authorities it was indicated were once more without any tangible facts on which to proceed.

In the absence of any known motive for the crime, the investigators, it was said, were reverting to the theories that the murders might either have been committed in connection with criminal assaults on Neva, and her ten year old sister Arlitha who was badly beaten with the club used to kill her parents and sister or that the four were victims of an insane person, or someone crazed with drugs or liquor.

Authorities believe the crime was the work of one person. It was said. Private detectives from South Bend and Chicago are still working on the case with local authorities.

Herbert Smith, a former neighbor of Monroe's who is held in jail at Cassopolis for questioning in connection with the murder will be brought before the coroner's jury Monday morning for examination according to officials. William Kinney who was arrested at Temple last night for questioning was released today, after establishing a satisfactory alibi as to his whereabouts Saturday night when the crime is supposed to have been committed.

**JURY SAYS PRICE OF  
TEETH IS TOO HIGH**

Chicago, Sept. 23.—Five thousand, five hundred and nine dollars and fifty cents is too much for even a millionaire to pay for his false teeth, a jury in municipal court decided today. The claim of Dr. E. A. Schmuck, a dentist, against Herbert P. Crane, millionaire iron magnate was not allowed after the jury had examined the set of teeth and heard Dr. Schmuck explain his bill included \$10 an hour for the services of himself and laboratory assistant.

Mr. Crane received considerable publicity a few months ago when Elida Piza Crane, his Porto Rican wife, sued him for a divorce.

#### SEEK TO ENJOIN MINE WORKERS FROM ORGANIZING

Coal Operators of West Virginia Bring Suit Friday

(By The Associated Press)  
INDIANAPOLIS, Sept. 23.—A suit to enjoin the United Mine Workers of America from furthering their efforts to organize the non-union coal fields of Mingo county, W. Va., and Pike county, Ky., was filed in the United States district court for Indiana here late today on behalf of sixty-two coal mine operators and operators, having properties in the Thacker and Williamson coal fields of the two counties. Injunction against the "checkoff" system by which the operators withhold from the pay of the union miners the dues and assessments of the organization also sought in the suit which also charges a conspiracy on the part of the operators of the Central competitive coal field, and the miner's union to eliminate non-union competition.

The suit was brought in the name of the Borderland Coal corporation of Virginia and besides the union officials and members names the Jackson Hill Coal & Coke company, Rowland Power Consolidated Colliery company and the Lower Vein Coal company, all of Indiana and other with interests identical in the central competitive field, as defendants. Judge A. B. Anderson, of the district court is out of the city and no date was set for a hearing.

It is asserted in the complaint that the mine union is an unlawful combination and conspiracy acting in violation of the Sherman anti-trust law, the Clayton anti-trust law and in violation of the sound public policy and the court is asked to enjoin the organization from further continuing in any way or manner whatsoever its activities and policies against the plaintiff or from seeking further to obtain the objects of said policies.

The bill of complaint recites in detail the activities in the Kentucky and West Virginia coal fields as a result of the refusal of the operators there to recognize the union and prays that the organization be enjoined from doing or causing to be done anything that will suppress or unduly limit the rights of the plaintiff to employ non-union labor, that will prevent or restrict the rights of the plaintiff from voluntarily contracting with its employees and its employees from voluntarily contracting with it and "particularly the acts of insurrection, murder, violence, intimidation and threats and other unlawful acts heretofore complained of."

Notice of the filing of the suit was served on John L. Lewis, president of the miner unions in the convention of the organization which is now in session here. Mr. Lewis said he had no statement in regard to the suit at this time.

#### DISMISSAL OF LEVIN IS MADE FINAL FRIDAY

Levin Still Says Politics Reason for His Ouster

(By The Associated Press)  
SPRINGFIELD, Ill., Sept. 23.—Dismissal of Isador Levin as secretary of the Illinois Civil Service Commission was made final tonight in an order by the commission following an all day hearing granted the ousted secretary after he charged that his dismissal was due to political reasons. Levin failed to convince the commission that he had flagrantly violated the civil service laws. Much of the testimony which Levin attempted to offer as sensational disclosures of the policy of the Small administration was overruled.

The hearing was interrupted with many objections to Levin's testimony. He was interrupted time and again frequently continuing despite the commission's rulings against his testimony on the grounds that it was improper, incompetent and had no bearing on Levin's charge against the commission—he was dismissed for political reasons.

Disputes over testimony grew heated during cross-examination of Levin, the only witness of the day, by attorney Thomas Masters, counsel for the commission.

**Lie Is Passed.**  
"You know that's true," Levin said to Chairman Purdunn in charging that preference was given John Picco, an Italian because Senator Wheeler and Director C. H. Jenkins of the department of public welfare wanted to control Italian votes in Springfield.

"I know you're a liar," retorted Purdunn.

When Levin was asked about his beliefs on religion and his regard for the oath administered when he took the stand he replied:

"My religion is my own business and I refuse to answer."

"I am an advocate of birth control and make no apologies for it," Levin said on cross-examination. He denied that he had attempted an investigation of federal laws with a view of spreading birth control literature.

"The so-called hearing today was a farce, made so by the commissioners who have made a farce of the civil service law," Levin said following the hearing. "My request that the records of the civil service commission be produced was overruled. Honest men have nothing to fear from publicity. I am planning to publish my diary and distribute it broadcast. Small and his henchmen cannot keep the truth from the public by controlling the state boards and commissioners."

"I was not allowed to talk on civil service matters because of technical and civil reasons given by the commission's attorneys. On the other hand when Masters cross-examined me he brought in everything from writing an occasional personal letter, the origin of my name, my religious beliefs and my ideas on limitation of population. I was not permitted to say anything about the frame-up against me. I am not through with my fight. I shall continue to throw the searchlight on the padded payrolls, crooked examinations and the corrupt state administrations."

#### DISCLAIMS ANY INTENTION OF SUPPRESSION

Attorney for City Makes Reply to Tribune Attorney

(By The Associated Press)  
CHICAGO, Sept. 23.—Disclaiming any intention to attempt suppression of the Chicago Tribune and declaring that the city administration of Chicago had stood for free speech when it was dangerous to do so, Chester E. Cleveland, special counsel for the city today began his answer to the arguments by which counsel for the Chicago Tribune sought to have thrown out of court the city's \$10,000,000 libel suit against that paper. Earlier in the day Weymouth Kirkland, of the counsel for the Tribune, had ended an eight hours argument in which he asserted that a city had no right to sue a libel that to grant it such right would jeopardize liberty of expression and be against public policy.

Mr. Cleveland began his answer by asserting that the opinion counsel had interjected much material that did not properly belong in an argument on a demurrer. He said that the only question before the court was whether the city was entitled to recover any damages and that it would be the province of the trial judge and jury to determine whether the full \$10,000,000 should be assessed or only part of it.

**Refuses to Answer**  
The city counsel refused to answer what he termed the political portions of Mr. Kirkland's address but said he considered that the latter had been unduly enthusiastic when he inferred that some of the candidates for judgeships at the last local election, would have proved venal had they been selected.

"This suit," said Mr. Cleveland, "is not by or on the behalf of any political organization but is by the city of Chicago and its three million citizens. They are not asking the suppression of any publication of truth, fair comment or criticism. But they maintain that this defendant newspaper should not have the right deliberately, falsely and maliciously to tell lies. It is not necessary to the preservation of government that newspapers should tell lies about the government. In fact as Mr. Kirkland said the people are entitled to know the truth about their government but there is nothing more against public welfare than perversion of that truth."

"It would be monstrous to establish a doctrine that a newspaper could publish falsehoods to the injury of a municipality and the municipality have no recovery. The right of free speech does not include the right to lie maliciously."

**Paints Different Picture.**  
Mr. Cleveland said that Mr. Kirkland had presented the picture of an honest newspaper attacked by an honest government. He presented the opposite assumption and argued that if the Tribune's point was to be maintained there would be nothing to prevent honest government being destroyed by corrupt newspapers.

He referred to Tribune's charges that the city was "broke" in 1920 and maintained that its representatives could not go into the streets with a copy of Illinois statutes and attempt to overcome the latter by reference to the safeguards provided by the former. He asserted that the court could not assume that a man in New York would pay as much for city bonds when confronted by the city of the statements on the city of the city treasury, as he would had the statements not been published.

#### WILL BE ARRAIGNED ON MURDER CHARGE

(By The Associated Press)  
AKRON, O., Sept. 23.—Mrs. Minnie Derr, who it is alleged, confessed to throwing acid in the face of Alvin R. Derr, a prominent business man, will be arraigned tomorrow morning on a charge of second degree murder in connection with her husband's death, according to County Prosecutor Arthur Doyle. She is suffering from nervous shock and acid burns received at the time the acid was thrown into her husband's face as he slept Sunday, according to hospital attaches.

### CONTRACTS MUST BE FULFILLED PRESIDENT OF MINERS DECLARES

#### ILLINOIS INSURGENTS LOSE THEIR FIGHT

Day is Filled With Dramatic Climaxes—Howat Also Attacks Lewis—Lewis Tells Him That Miners Should Have Continued at Work Pending Settlement of Disputes

(By The Associated Press)  
INDIANAPOLIS, Ind., Sept. 23.—Delegates to the convention of the United Mine Workers of America were called on today by President John L. Lewis to take action in two Kansas strike cases that he said would declare the union holds its men to the fulfillment of their contracts with operators.

As soon as he concluded a long, insistent plea for the convention's declaration Mr. Lewis was served with a federal court summons showing that while he had been speaking the Borderland Coal company had sued for an injunction to restrain the union in its efforts to organize the Mingo county (West Virginia) field. Then turning again to the 1,500 delegates Lewis explained the suit and added: "It is rather a coincidence that the company bases its plea on the alleged fact that we are an unlawful organization and do not fulfill our contracts."

The statement brought a dramatic close to the convention which had been the stage all the day for clashes between supporters of President Lewis and the anti-administration element, led first by Frank Farrington of the Illinois miners and later by Alexander Howat of the Kansas miners.

**Must Give Accounting**  
In the first clash the convention voted overwhelmingly for the adoption of Lewis' recommendation requiring the Illinois officials to give an itemized accounting for \$27,000 spent in an unauthorized strike two years ago. Out of this fight into another was the convention's course, for it then began consideration of Lewis' recommendation that Howat be ordered by the convention to carry out the order of international officers directing Kansas strikers to return to work.

Howat, first to address the convention, won protracted applause, and when Lewis sought to reply he had some difficulty at first, due to interruptions by some delegates. In his speech Howat accused superior officers of unjust actions, asserting that President Lewis "had lined up with the operators," in opposition to the men and that to follow out the orders of the international officers would mean a change in working conditions and contrary to contract with operators.

"I will suffer to be kicked out of office and out of this organization," declared Howat, "before I will agree to give away anything of the Kansas miners."

**Resents Implication.**  
Replying Mr. Lewis said he resented implication that he was in sympathy with the operators and he declared that the Kansas contracts provided for continued operation of the mines pending settlement of disputes. The worst criticism of the union, he continued, was that "two are violators of the obligations of our contracts."

"Whenever the time comes," added Mr. Lewis, "that the United Mine Workers will not abide by their agreements, you will find nobody to deal with you in a business way and the contracts will be scraps of paper."

The international officers, he said, insisted that the Kansas disputes be settled while operation of the mines continue because the contracts were guaranteed by the international union and for the convention to fail to sustain the officers would lead the public to say the union is without honor and its officers are public falsifiers.

A vote by the convention went over until tomorrow several delegates wishing to speak. A break in the Kansas delegation was intimated by Lewis who said some of them may speak in opposition to Howat's position.

**STUDENTS WILL HAVE DANCE**  
The students of Illinois College will hold the first dance of the year this evening at the Peacock Inn. There is an unusually large enrollment at the college this year and the attendance at the dance probably will be large as all the students are interested in the social functions of the college. Dunlap's orchestra will furnish music from eight o'clock to eleven.

### MORE DETAILS OF PARTY ARE GIVEN BY SEMMACHER

#### Recital Indicates Ar- buckle Party Was Wild One

(By The Associated Press)  
SAN FRANCISCO, Cal., Sept. 23.—Alfred Semmacher's version of the drinking party in Roscoe (Fatty) Arbuckle's hotel suite here which preceded the death of Miss Virginia Rappe, was heard today in the police court examination where Arbuckle and Lowell Sherman, another moving picture actor were garbed in pajamas, bath robes and slippers while Mrs. Delmont, the complaining witness in an automobile to San Francisco from Los Angeles just before the affair occurred. His story was of a party at the hotel St. Francis in which nearly a dozen men and women participated where Arbuckle and Lowell Sherman, another moving picture actor were garbed in pajamas, bath robes and slippers while Mrs. Delmont, the complaining witness in an automobile to San Francisco from Los Angeles just before the affair occurred. During the course of the afternoon he said, two of the women entered one of the rooms of the suite adjoining that where the drinking and dancing was going on and returned in excitement with the news that Miss Rappe was ill.

"I am dying, I am dying," were the words Semmacher said he heard Miss Rappe utter as the group found her on a bed unclad, moaning and tossing from side to side.

This is just another illustration that you can prove most anything with figures. Statistical experts for the Illinois state commerce commission say that the Chicago elevated railroad earned during a given period \$5,200,000. The management of the company presents figures to show that the earnings were about \$3,000,000. The result in any big financial tabulation depends, after all, a good deal upon the purpose and intent of the one who is compiling the figures.

It is more than likely that in the next general assembly there will be women candidates in this state. In fact, a daughter of the late William A. Mason has an-

nounced her candidacy for the office of congressman at large and it is only reasonable to expect that there will be other candidates in the down state territory. Now that women have full rights of suffrage there is no reason for thinking that they will not eventually at least become candidates for all the different offices. Miss Robertson is just at present a very conspicuous figure in congress, but the day will come when women will organize to see that they are directly represented in congress by their own sex.

Those who are opposed to city operation of utilities cannot look with favor upon the situation in Toronto, Canada. There the decision has been reached for the city to take over the street railway property. Toronto is not going into the business blindly, either, for the city has thru the years acquired one utility after another and has operated them successfully, which means good service at the lowest possible cost for the consumer.

Unfortunately the Toronto experience has not always been duplicated where cities have taken over the responsibility for utility management, and politics instead of the interest of the people have been given the first consideration.

It is really a fine thing that when business conditions are not altogether satisfactory that the attendance at colleges and other educational institutions increases. The reason for this is not just apparent, but possibly it is at such times that people look at the value of things in the true light.

In times when money making is easy people are likely to have their opinions warped and to place a value on money that is out of proportion to the value of things that are really worth more. But whatever the cause, the educational institutions of Jacksonville give proof that people turn toward them in greater numbers in the quiet days of business. This is fortunate for Jacksonville, since education is the chief "industry" here.

Certainly Chief of Police Fitzmorris has reason for further discouragement now that Gene Geary has been declared insane and is to go to a hospital instead of to the gallows. Geary who has a long police record including several killings went on a rampage while drunk a few months ago and shot and killed a man with whom he had no acquaintance.

The circumstances went to prove an especially ruthless murder. Geary was convicted and sentenced to hang. Then came a stay of execution on the plea that there were reasons for thinking Geary insane. Evidently the man has influential friends and money for the insanity inquiry has been held and a verdict of insanity returned.

Chief Fitzmorris says it will only be a matter of time until Geary is a free man ready for other crimes. If this prophecy comes true the proof of the charge "a travesty on justice" will be indisputable.

Dr. Robert Mekemson of Carrollton was a caller in the city yesterday.

AUTO INSPECTORS  
LEAVE THE CITY

But They Are Coming Back Later—Beware If You Are Violating the Law.

W. S. Foreman and George Cole, who as representatives of the secretary of state's office have been checking up violations of the automobile law, left the city last night. However, this announcement need give no joy to any intentional violator of the law's provisions for Mr. Foreman and Mr. Cole will return in the course of two or three weeks. During their stay of the past week here the state representatives have had the co-operation of the police force in calling attention to certain violations of the automobile law.

Mr. Foreman said last night that the police department will continue this work. Then at the expiration of two or three weeks "he state men will return and for a number of days a very sharp lookout will be kept for violators. In the past warnings have been given and attention called in a courteous way to any violations. On the return visit there may be plenty of courtesy but there will also be a fine for every car driver who is violating the law.

If you don't want to have the further attention of these representatives of the secretary of state be sure that your car has "no head lights, one tail light and no license plates of the 1921 vintage. In other words, the state men have assumed that violations so far discovered have been because of carelessness or for failure to know the provisions of the law. Any further violations they will consider as deliberate and intentional and will proceed accordingly.

PLEASANT MEETING

Yesterday morning two strange ladies stepped into the store of the C. C. Phelps Dry Goods Co. and were looking about when J. T. Osborne asked them if he could show them anything. They replied they were strangers not wishing to purchase but merely to look around and see what kind of stores we have here. Asked where they lived one replied Los Angeles, whereupon Mr. Osborne remarked that while it was not at all probable they knew his son, yet he had one, the manager of a shoe store at a certain street and number.

The Los Angeles lady stopped a moment and then remarked she had met him a number of times. She remembered his name was Ernest and then recalled the other. She also knew the Harisons who went to her city from this place. Her maiden name was Alcorn and she once resided in Jacksonville many years ago.

Mrs. George Simpkin, Jr., southwest of the city has gone to Pittsfield to spend the week end with Mrs. Dorothy Conroy and Alice Simpkin, who were former classmates of hers at Illinois Wesleyan University.

The big McCarthy Gebert cigar factory will begin operations on Monday on the old time schedule and all of the employees will be able to return to their positions. The factory has been closed for several weeks due to the depressing conditions of the tobacco industry throughout the United States. Conditions have improved however, and the influx of orders has warranted the opening of the big shop. For the past week about twenty five of the employees have been working, more being employed as conditions permitted.

Read Mrs. Corley's Letter and Benefit by Her Experience

Edmund, S. C.—"I was run down with nervousness and female trouble and suffered every month. I was not able to do any work and tried a lot of medicine, but got no relief. I saw your medicine advertised in a little book, and I had not taken two bottles of Lydia E. Pinkham's Vegetable Compound before I could see it was helping me. I am keeping house now and am able to do all of my work. I cannot say enough for your medicine. It has done more for me than any doctor. You may print this letter if you wish."—ELIZABETH C. CORLEY, care of A. P. Corley, Edmund, S. C.

Ability to stand the strain of work is the privilege of the strong and healthy, but how our hearts ache for the weak and sickly women struggling with their daily rounds of household duties, with backaches, headaches, nervousness and almost every movement brings a new pain. Why not the mass of letters from women all over this country, which we have been publishing, convince such women that Lydia E. Pinkham's Vegetable Compound will help them just as surely as it did Mrs. Corley?

## YANKEES TAKE FIRST OF CRUCIAL SERIES

Defeat Cleveland By Score of 4 to 2—Hitting of Ruth and Pipp Helps New York Win.

NEW YORK, Sept. 23.—Splendid pitching by White Hoyt and strong hitting by "Babe" Ruth and Walter Pipp enabled the New York Yankees to win the first of an all-important four game series with Cleveland today by a score of 4 to 2. Hoyt was in trouble only one inning, the fourth, when Cleveland scored its two runs on Gardner's single, Sewell's triple and a wild pitch. In the last five innings Cleveland only got three men on bases.

Coveleskie also pitched well for Cleveland but met with his usual poor luck against the Yankees, who have defeated him five times in six games this season. New York also clinched the year's series from Cleveland, today's victory being their twelfth as against seven for the Indians.

Ruth emerged from a batting slump, knocking three doubles and drawing a base on balls in four times up. He scored after each of his three hits, the he pulled up lame after running on his third two bagger.

Pipp also was a strong factor in New York's victory as he drove in New York's runs.

New York scored its first run in the fourth on doubles by Ruth and Pipp and took the lead with two runs in the sixth, scored on Ruth's doubles and singles by Meusel and Pipp. Ruth scored again in the eighth on his third two bagger, Meusel's sacrifice and Pipp's sacrifice fly. The fielding on both sides was sharp and clean. Ward excelling with several brilliant infield plays.

SAVED FROM ACCIDENT

A short time since R. S. McKinney was coming to town he drove near the Wabash crossing at the Spaulding place. A crippled man with a woman at the wheel were driving along in a car when to avoid a coming freight train the woman ran her car up the bank at the side of the road and just as it was tottering to fall over on the occupants, McKinney sprang from his own car and reached the other in time to save it from turning over. It was a close call from a serious accident.

## JACKSONVILLE HIGH GOES TO HANNIBAL

Plays First Game of Season With Missouri Eleven—Men in Fair Shape for Contest.

The high school eleven will leave on the 6:10 Wabash today for Hannibal where they will play the first game of the season. The boys have had two weeks of practice, and Coach Mitchell, who is always conservative in his statements, has announced that the team shapes up pretty well. He is taking fourteen men on this trip.

The boys are not over confident and do not expect to have a walk away with Hannibal, but they are determined to play football. With many of last year's men back on the squad, the chances are that they will play football and real football at that.

The team was given a real send-off by the student body at the first "hush" meeting of this school year. The new school resounded to the cheers that showed that the eleven has the backing of the entire school, win or lose.

At last reports the following is Coach Mitchell's lineup for the game:

Hackett, center; B. Camm and R. Arnold, guards; L. Bracewell, right tackle; E. Arnold, captain and left tackle; Goebel, left end; Putnam, right end; Hopper, center or full back; Arter, quarter back; Hunt and Kelley, half backs; Lewis, Laney and Hopper, subs.

## JOHNNY BUFF WINS FROM PETE HERMAN

Flyweight Outpoints Bantam Champion in Hard Fifteen Round Bout.

New York, Sept. 23.—Johnny Buff, of Jersey City, American flyweight champion won the world's bantamweight title tonight when he received the judges' decision over Pete Herman of New Orleans at the end of their fifteen round bout. Buff weighed 113 1/2 pounds and Herman 117 1/2 pounds.

Buff brought the crowd to its feet time and again by his lightning like work and aggressiveness. He had the better of ten rounds, four were Herman's and one was even. The New Orleans boy appeared unable to use his right effectively and while Buff missed often his blows were clean and hard and worried Herman. Herman showed best in the fourth round when on the offensive he clipped Buff with a right to the jaw upsetting him. Buff was up immediately however.

Herman who won the bantamweight from Kid Williams of Baltimore in a 20 round right at New Orleans in 1917, lost it on a decision last December in a 15-round contest with Joe Lynch of New York, but won it back again when he received the judges' decision over Lynch in a 15-round bout in Brooklyn a few weeks ago.

girl to consciousness were suggested according to the witness, one of the women suggested ice, but the men retired from the room and three of the women put her in a bath tub. A glass of water given Miss Rappe caused her to become sick at her stomach, Semnacher said.

Then some one, whom Semnacher said he could not identify carried her to a room, down the corridor, provided by the assistant manager of the hotel, Harry J. Boyle, who had been summoned meanwhile. Semnacher told of gathering up Miss Rappe's garments which he said were strewn around the room, leaving all of them in the room to which she had been removed except two torn ones, which he put in the pocket of his automobile.

His purpose was he said, first to exhibit them jokingly to Miss Rappe and secondly to dust off his machine with them. He took them back to Los Angeles and turned them over to the police there after Arbuckle's arrest. Gathering up his belongings at another hotel, Semnacher said, he brought them to the St. Francis, where he joined Aruckle and the rest of the party except Miss Rappe, at supper in Arbuckle's suite. Afterwards, according to Semnacher, Arbuckle went downstairs, dressed in evening clothes.

## MICHIGAN CITY RIDES ITSELF OF PETTICOAT BRIGADE

Women Officials Refuse to Move Are Ousted By Court

(By The Associated Press)

HENRIETTA, Mich., Sept. 23.—Henrietta residents breathed a sigh of relief today and predicted a period of political harmony. The occasion was the coming into office of a male government and the ousting of the town's "petticoat regime." Mrs. Minnie Southwick, village president and her council, composed of women, with one exception, relinquishing power.

Henrietta's political strife dates back to the 1920 spring election. Mrs. Southwick's government then in office, was defeated, but refused to ratify the election on a technicality. The village treasury was in the hands of the "insurgents" and private funds were not available for court action so a recall election was ordered. The women again lost but continued at the helm.

Finally villagers decided a decisive move must be made at all costs and the courts were called upon. The result was a decision upholding the recall.

## ILLINOIS DELEGATE COMMITS SUICIDE

"Do your duty; stick to one another."

It was read to the convention just before the night session closed and a "parade rest" of five minutes was ordered. Chaplain Oliver then offered prayer and the bugler offered taps.

Ransdall served as a private in the tank corps of the 326th battalion. In the St. Mihiel drive his right arm was injured and his spine was dislocated forcing him to wear a plaster cast.

## COOLIDGE TAKES OFFICIAL MESSAGE

HAVERHILL, Mass., Sept. 23.—Vice President Calvin Coolidge brought from Washington tonight an official view of the present administration. He was speaking at a rally in the interest of Colonel A. Piatt Andrew, Republican candidate for congress in the sixth district.

There has not been a time in recent history when each branch of the government when the president, when each house of congress kept so plainly to constitutional functions as under the present administration. He said: "There is leadership, there is advice, but there is no system of rewards and punishments; freedom of action and harmony prevails steadily and carefully, deliberately, wisely, the country is being restored to peace time conditions, not the peace time conditions of 1914, but of 1921. All this is being accomplished with less loss, less sacrifice, less suffering, than that experienced by any other country which entered the war."

MEDICAL SOCIETY WILL MEET AT ALTON

The Sixth Council District of the Illinois State Medical society will meet in Alton on Thursday, September 29. The sessions will be held at the Rock Springs Country club and will be attended by medical men from the following counties, Madison, Jersey, Green, Morgan, Scott, Brown, Cass, Pike, Adams and Calhoun.

## Daily Market Report

## STOCK MARKET

## REGISTERED GAINS

By Associated Press.

**NEW YORK, Sept. 23.**—The  
stock market today registered  
numerous substantial gains on a  
large and varied turnover. Short-  
sellers fought the advance during the  
forenoon and towards the close  
further reduction of discounts  
at important reserve centers  
coupled with the encouraging  
views of Governor Harding of the  
federal reserve board respecting  
financial and trade prospects  
were noteworthy factors in the  
additional strengthening of quot-  
ed values.

The market derived its great-  
est impetus however, from the  
prominence of rails. Investment  
shares, especially those of the  
trans-continental and coal divi-  
sions were more responsive to  
the very favorable statements of  
earnings recently submitted by  
the Harriman lines. The bond  
market again turned upward un-  
der the influence of lower dis-  
counts. Liberty issues led all ex-  
cept the 3 1/8s showing strength.  
Rails and some industrials also  
improved but international were  
irregular. Total sales (par value)  
\$12,700,000.

CHECK FORGER IS  
ARRESTED BY POLICE

Young Man Who Gave Worthless  
Check in Tomlinson's Store Is  
Taken—Tried Same Stunt in  
Murrayville Friday.

James Pate is under arrest  
charged with forgery. The young  
man presented a check at Tomlin-  
son's store bearing the signa-  
ture of Lee Miller which later  
proved a forgery. Yesterday  
Pate passed two worthless checks  
on Murrayville merchants, and an  
hour later was arrested by mem-  
bers of the Jacksonville police de-  
partment as he was riding into  
the city in an automobile.

When Pate visited the Tomlin-  
son store he explained that he was  
intending to go to college here,  
purchasing an \$8 sweater and  
then presented the \$15 check  
drawn on the Murrayville bank.  
Two days later Mr. Tomlinson  
found that the check was worth-  
less and he immediately reported  
the matter to the police depart-  
ment. Since that time a sharp  
lookout has been kept for the  
forger with the thought that soon-  
er or later another of his checks  
would appear.

Two Checks in Murrayville.  
Friday Pate, whose home is said  
to be in Brown county, was in  
Jacksonville and applied for a job  
to a salesman who was starting to  
drive to Murrayville. He was told  
that the salesman had no job to  
give him but he could ride to Mur-  
rayville if he so disposed. Pate ac-  
cepted the invitation and at Mur-  
rayville, while the salesman was  
busy, made a purchase of a sweat-  
er at the Carlson store and a horse  
collar at the Solomon store. In  
each instance he gave a check.

One of the merchants was suspi-  
cious and taking the check to  
the bank found that it was worth-  
less. The bank at the same time  
reported the matter by telephone  
to Mr. Tomlinson. He immedi-  
ately went to police headquarters  
but found that a message had pre-  
ceded him and that members of  
the department were already driv-  
ing toward Woodson to arrest  
Pate who had started on the re-  
turn trip to Jacksonville.

Captain Elliott and Patrolman  
McGinnis and Hogan were in the  
police car and they met the car in  
which Pate was a passenger a  
short distance south of the city.  
The car number had been tele-  
phoned from Murrayville so they  
had no difficulty in locating the  
machine they sought. Pate at  
first denied any guilt but subse-  
quently admitted that the checks  
were forged and that the Jack-  
sonville instance was not the first  
time he had passed such a check.

The C. of C. Reward  
Mr. Tomlinson is one of the  
merchants especially interested in  
the Chamber of Commerce move-  
ment to co-operate in stamping  
out forgery. The organization has  
offered a reward of \$100 for the

arrest and conviction of persons  
passing fraudulent checks.  
It looks as if the association  
will have the opportunity to pay a  
reward in this instance. Mr.  
Tomlinson swore out a warrant  
against Pate and intends to pro-  
secute the case. He believes along  
with other merchants that it will  
not do to temporize with cases of  
this kind and that a conviction  
and adequate punishment will go  
a long way toward discouraging  
young men in the growing custom  
of passing fraudulent checks.

GAVE GOOD MINSTREL  
SHOW AT GRAND

The saying that everybody  
likes a minstrel show was very  
well demonstrated in Jacksonville  
again last night. The Rusco and  
Hockwolds Famous Georgia Min-  
strels had an audience which filled  
every seat in the Grand opera  
house. The company has been on  
the road for more than thirty  
years, and so the show long has  
had the stamp of public approval.  
A program of old time min-  
strelsy brought entirely down to  
date was presented. Elaborate  
stage settings made possible a  
spectacular production and the  
vaudeville features were numer-  
ous and especially good.

Every successful minstrel show  
depends mainly upon the music  
and repartee and these two things  
were given their proper place in  
Friday night's performance.

It goes without saying that the  
big audience was thoroughly en-  
tertained and that the program  
thrust was meritorious.

JAY HOUSE GUEST  
IN CITY FRIDAY

Is Columnist on Philadelphia  
Ledger—At One Time Was Ed-  
itor of Mt. Sterling Democrat-  
Message.

Mr. and Mrs. Jay House of  
Philadelphia, Pa., were guests in  
the city Friday evening en route  
to Topeka, Kansas, for a visit.  
They are making the trip by au-  
tomobile and are enjoying them-  
selves.

Mr. House, who is a veteran  
newspaper man, was editor of the  
Mt. Sterling Democrat Message a  
number of years ago. From that  
city he went to Topeka, Kansas  
where he was associated with the  
Daily Capital, conducting a col-  
umn.

Two years ago he went to Phil-  
adelphia and is now on the staff  
of the Ledger. When he went to  
Philadelphia doubt was expressed  
that he could make a column go in  
that city but he has made good on  
the job.

Like many other newspaper  
men Mr. House in a moment of  
temporary aberration got into the  
political game and was elected  
mayor of Topeka. He went thru  
two hot political campaigns and  
was successful in both of them.  
However, he said he lost money by  
being elected.

Tho Mr. House has made good  
in the metropolitan press he still  
yearns for the simple life. He  
said last night in talking to a  
journal reporter that he would  
rather own and edit a country  
weekly than do anything else in  
the world. It is strange that in  
the breast of a nearly every man  
who has been in the game for any  
length of time.

Both Mr. and Mrs. House were  
greatly interested in some of the  
early history of Jacksonville.  
They were not aware of the fact  
that William J. Bryan was a grad-  
uate of Illinois College and that  
the school was the oldest educa-  
tional institution in the middle  
west.

Mr. House is sending back a  
daily letter to his paper telling of  
their travels. However, he says  
when he reaches Topeka that he  
is just going to loaf. Both Mr.  
and Mrs. House are pleasant peo-  
ple and their visit to this office  
was greatly enjoyed.

National Pressure  
COOKER

ANDRE & ANDRE STORE

Monday, Tuesday, Wednesday, Sept. 26, 27, 28

The New Way  
to Cook

are not an experiment.  
Cooking authorities and  
myriads of America's good  
housewives enthusiastically en-  
dorse them. Cooking by steam  
"under pressure" brings out  
all the flavors and juices and  
makes all food, even toughest  
meats, tender and delicious, in 1/2  
the time, with 1/4 the fuel. Posi-  
tively will not scorch or burn.

Think of the hours of kitchen  
drudgery it saves, to say nothing  
of fuel—think of cooking onions or cabbage and having no odor in the house.  
We want to show you this wonderful necessity for every home and ask you to come in  
the first time you are down town.

DON'T fail to see this NATIONAL PRESSURE COOKER in operation. Used on  
any STOVE. An entire meal in THIRTY minutes. A whole kitchen equipment  
in ONE wonderful utensil. Will pay for itself in FOUR months.
